## EXPERIENCE

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                         |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------|
| <b>Security Operations Center Analyst Intern · National Investment Bank</b><br>Supporting the Information Security team while learning cybersecurity operations, security monitoring, threat detection, and incident response within the SOC environment                                                                                                                                                                                                                                                                                                 | 2026-05-25 — Present    |
| <b>Office Computing Teacher · American Blessing Center</b><br>Taught Microsoft Word, PowerPoint, Excel, and other IT productivity tools.                                                                                                                                                                                                                                                                                                                                                                                                                 | 2025-06-30 — 2025-08-15 |
| <b>Ashesi Success &amp; Giving Voice to Values Co-Facilitator · Ashesi University</b><br>I assisted in lesson planning and class preparation to ensure smooth and engaging lectures, led class discussions to guide students in exploring ethical decision-making and personal development, and tracked attendance while providing logistical support to enhance the learning experience.                                                                                                                                                                | 2025-01-13 — 2025-04-17 |
| <b>Peer Counselor · Ashesi University, Ghana</b><br>I provide emotional support and guidance to fellow students, helping them navigate personal and academic challenges while promoting mental well-being, fostering a safe environment, and connecting them to appropriate resources.                                                                                                                                                                                                                                                                   | 2024-08-06 — Present    |
| <b>National Geographic Society + The Nature Conservancy Remote Extern · National Geographic Society</b><br>Explored resources and case studies on marine conservation issues and solutions such as marine protected areas, applied primary and secondary research methods to investigate conservation initiatives and identify regional and local issues, identified gaps in local conservation efforts and proposed solutions, and developed written, verbal, and visual storytelling skills to communicate marine issues and inspire community action. | 2024-06-10 — 2024-07-29 |

## LEADERSHIP

|                                                                                                                                                                                                                                                                                                                                                                                                                  |                      |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| <b>Project Manager · Lumavok</b><br>Oversees the planning, coordination, and successful delivery of Lumavok's projects by managing timelines, guiding team activities, ensuring quality standards, maintaining clear communication with clients, and proactively identifying and resolving risks to keep projects on track.                                                                                      | 2025-08-15 — Present |
| <b>Class Representative 2027 – Mastercard Foundation Scholars · Ashesi University</b><br>I collaborate with the Scholars' Representative and Vice to advance the community's agenda, gather and present the views of the Class of 2027 to leadership, act as a link between the Scholars Program leadership and our year group, and serve on the advisory council guiding the Scholars' Representative and Vice. | 2025-05-18 — Present |
